

A Look Ahead . . .

A publication for Fernald stakeholders

Demolition Projects update

Decontamination and Dismantlement (D&D) activities continue in Plant 5, the former Metals Production Plant. MACTEC, the project contractor, will continue upper elevation equipment removal in Building 5A. The equipment removal will consist of the HVAC system, ductwork, vacuum piping and lighting.

Plant 6 contractor, NSC Energy Services, continues interior transite removal in Area 5 of Plant 6, the former Metals Fabrication Plant. NSC will begin interior dismantlement beginning in late June.

D&D work continues on the former Industrial Relations Building (28B) and Security Building (28A). Wise Services has completed D&D on the security gate and Gatehouse (28N) located next to 28A. Trailer 85 will house security and has been relocated east of the site badging trailer. Wise Services will continue utility relocation, interior D&D and removal of asbestos containing materials in 28B. For more information on D&D Projects, visit the Web site at www.fernald.gov/cleanupproj/d&d.htm, or contact John Trygier, DOE-FEMP D&D project manager, 513-648-3154, email: john.trygier@fernald.gov.

Waste Pits Project update

Waste pit excavation continues in Pits 1, 2 and 3. As of May 31, approximately 25 percent of Pit 3 and 15 percent of Pit 1 have been excavated. Train 25 is scheduled for shipment the week of June 26. For more information on the Waste Pits, visit the Web site at www.fernald.gov/cleanupproj/wpit.htm, or contact Dave Lojek, DOE-FEMP waste pits project manager, 513-648-3127, email: dave.lojek@fernald.gov.

Document available for review

The Agency for Toxic Substances and Disease Registry (ATSDR) has completed the public comment draft of the *Public Health Assessment for the Fernald Environmental Management Project*. The public health assessment reports information on hazardous substances in the environment and evaluates the impact of exposure. The document will be available for public comment through June 30, 2000. Copies are available at the Public Environmental Information Center, 10995 Hamilton-Cleves Highway, 513-648-7480. For more information, contact Loretta Bush (ATSDR), 1-888-422-8737 ext. 6011.

Future of Fernald

If you didn't have the opportunity to attend May's public meeting related to public use it is not too late to voice your opinion, visit the Fernald Web site at www.fernald.gov/future.htm to participate.
